

Early-Morning Class Ends Space Problem

Ever notice the shapely forms doing exercises at 7:30 a.m. at South High School?

More than 150 Spartan girls are arriving at school at 7:30 each morning to help solve a problem which confronted the physical education department on the first day of school.

The Boy's physical education program during the sixth period requires about 90 percent of the available space, leaving the girls outside, according to Miss Doris Avis, chairman of girls physical education department.

TO SOLVE the problem, Miss Avis suggested to Dr. John Lucas what a volunteer physical education class for girls be offered before school each morning. Two other teachers, Miss Marguerite

Flint-Smith and Miss Judith Roos, volunteer to assist with the class.

The volunteer class, Miss Avis explained, would free the gym space for use by the boys in the late afternoon and, at the same time, give the girls exclusive use of the play area and gym during the morning hour.

GIRLS WERE asked to volunteer for the early-morning course and a letter was sent to their parents explaining the program. Parental permission was requested.

As a result, 155 girls signed up to appear at the school at 7:30 each morning. They provide their own transportation and are able to leave campus at 2 each afternoon unless they have after-school activities.

Red Cross SOS

Nursing Aides Needed Now at Ft. MacArthur

An urgent SOS has been issued by Red Cross for volunteers who would be willing to serve as assistants to the nursing staff at Ft. MacArthur hospital, San Pedro.

The build-up of American military forces in Viet Nam has had a pronounced effect on Ft. MacArthur with many of its hospital staff being sent to the hospitals there.

In an effort to provide help to existing personnel, Ft. MacArthur hospital administrators contacted Red Cross.

Mrs. Wilson Patterson of Palos Verdes Estates who is unit chairman for hospital volunteers in the Southern District of the Los Angeles Red Cross Chapter (Gardena, Torrance, Palos Verdes, Wilmington, Lomita, Harbor City and San Pedro) reports all current volunteers have as-

signments at either Harbor General, the Hospital Ship Haven or Ft. MacArthur.

"AN ADDITIONAL 20 volunteers, either men or women, willing to devote one or two days per week, either mornings, afternoons or both, would enable us to fill this important request," Mrs. Patterson says.

She will assist Lt. Col. Pauline V. Johnston, a retired Army nurse and San Pedro Red Cross volunteers, in the training of new volunteers.

In addition to the urgent need for volunteers to assist in the nursing field, others are needed for service as receptionists, record room aides and as volunteers in the clinic and wards.

For these general hospital volunteer positions, interested persons should call Red Cross, TE 2-8321.

Drain Line Work Due

Early construction of a storm drain facility in the Carson area is due under plans approved by the Board of Supervisors.

Board Chairman Burton W. Chace said the work is expected to begin shortly after Oct. 8 when sealed bids will be opened.

Estimates indicate the structure will cost about \$312,000, according to Walter J. Wood, chief engineer of the Flood Control District.

struction of more than a half-mile of reinforced concrete pipe conduit 78-inches in diameter extending from Oakheath Drive to Normandie Avenue and to Sepulveda Boulevard.

Chace said special arrangements will be made to reduce motorist inconvenience during construction. Completion of the facility is scheduled in about six months.
